HOMECOMING

1434th Engineer Company returns from Iraq for Memorial Day weekend

by Dan Sanderson
Staff Writer

One hundred sixty-four soldiers from the Grayling-based 1434th Engineer Company were reunited with their families and loved ones for Memorial Day weekend.

The 1434th Engineer Battalion Company received a homecoming celebration held at Grayling High School's Ferguson Field on Thursday, May 27.

The unit, which is made up of plumbers, electricians, carpenters and masons, spent the last year in Iraq.

The unit built over 50 buildings while in Iraq, including chow halls, recreational facilities and exercise facilities.

"It was pretty much to

improve the standard of living for the troops," said Cpt. Shawn Abbe of the 1434th Engineer Company.

The troops had some issues with convoys while they were in Baghdad, but sustained no injuries or loss of life.

"They moved all over the place, but they were lucky," Abbe said.

The unit deployed last June, but was brought home a little earlier since their military mission was complete.

"It's a one year, door-to-door thing, but it's nice that we can bring them home for Memorial Day weekend," Abbe said.

Victoria Mather, wife of Spc. Eric Mather from Traverse City, waited in excitement as the

busses with the troops rolled into Grayling. The couple has two daughters, Ona and Elayna.

"Having him home in general is awesome," she said. "That it's on Memorial weekend is kind of fun because everybody's already decorated. It's like one big giant homecoming for them."

Shannon Notestine, wife of Sgt. Christopher Notestine from Boyne City, pointed the attention of their son, Austin, who was dressed like a little soldier, to the busses as the troops arrived. Notestine deployed to Iraq before with an infantry division before Austin was born.

"This ones has been harder because of having to leave more than one," Shannon said.

City opts not to buy

Council passes on purchasing three foreclosure properties

by Dan Sanderson
Staff Writer

The Grayling City Council last week passed on purchasing three foreclosure properties for future development of the community.

The Crawford County Treasurer's Office submitted a list of properties that have been foreclosed upon within the city to the Grayling City Council.

Under foreclosure laws, Crawford County Treasurer Joe Wakeley said the state and local units of government have the first chance to obtain the properties. The municipalities must pay the back taxes and fees owned on the properties, which must be kept open for public use.

Last week, the council opted not to move forward with purchasing the property where he former DXR Computers, located 117 Michigan Avenue.

In 2006, the city opted out of an \$85,400 Community Development Block Grant from the Michigan State Housing Development Authority (MSHDA), which would have paid to purchase and demolish the DXR Computers building.

The city was awarded a MSHDA Land Assembly grant. The state program is designed to help communities acquire and demolish blighted properties to assist in the prevention of additional deterioration with a tradition downtown business district. The city had pledged a \$33,820 match for the project.

City officials, however, opted to back out of the purchase agreement based on an initial appraisal of the property and it was determined that asbestos had to be abated from the building.

"We were close to getting the property before and I'm sure it hasn't gotten much better since then," said Grayling Mayor Pro Tem Larry Akers.

Grayling Mayor Karl Schreiner said Chris Verlaac, the city assessor, estimated the property was only worth \$4,000 in 2006.

Grayling City Police Chief Doug Baum, who is serving as acting city manager, said Grayling's Downtown Development Authority and the Grayling Uptown Business District Association, has concerns with the building. The groups want the building addressed as events are planned downtown and the AuSable Artisan Village project moves forward.

Soccer team ends regular season with 4-0 win

The Grayling Vikings finished their 2010 regular season with a 4-0 victory vs. the visiting Kalkaska Blazers in a varsity girls soccer league contest played on Thursday night.

Grayling scored first with a goal by Hannah Haven.

"Hannah busted out another goal by juking past some Kalkaska defense to the outside and curling the ball around the goalie to the far post," Coach Craig Cobb said.

Grayling had a 2-0 advantage at halftime.

"We had been talking about not letting down in the last 10 minutes of the game so the girls were ready and motivated to make sure that didn't happen again," Coach Cobb said.

Baseball team sets school record for wins with split

Despite a 2-4 record in the final week of the season, Grayling High School's varsity baseball squad established a new school record for wins in a season (22) and finished third in a strong field of Lake Michigan Conference teams.

On Thursday night, the Vikings ended their 2010 regular season with a split at Gaylord vs. the Blue Devils in a nonconference series.

Grayling won 4-3 in the first game of the doubleheader.

Paving slated for mid-June on two road projects

by Caleb Casey
Senior Staff Writer

The first road project to be paid for using the Crawford County Road Commission's five-year millage – a proposal that voters approved in 2008 – should be finished later this month, according to Road Commission officials.

The Road Commission is also currently working on a smaller project on County Road 612 that will be paid for using left-over economic stimulus money.

Part of Four Mile Road – approximately three miles of it, from the railroad tracks near Weyerhaeuser to Staley Lake Road – is being rebuilt. The County Road 612 project involves reconstruction of several curves near KP Lake.

The paving contractor for both projects is Rieth Riley.

The Road Commission is doing preparation work on both projects. The Road Commission recently finished drainage, intersection, curb and gutter, and culvert work for the Four Mile Road project, said Don Babcock, Road Commission Managing Director.

"Rieth Riley should be here in a couple weeks to pave it," Babcock said last Thursday. "Hopefully we'll have it paved by mid-June."

The Road Commission will also be doing part of the shaping work for the 612 project

Event draws art connoisseurs downtown

The Spring Art Walk drew hundreds of people into Grayling's AuSable Artisan Village on Saturday to view artists and their work in downtown businesses. Visitors to the shops and businesses also had the opportunity to sign up for art classes that the AuSable Artisan Village will offer this summer. Grayling City Council approves ORV ordinance

by Dan Sanderson
Staff Writer

The Grayling City Council, last week, approved an ordinance that will allow ORVs/ATVs to motor through the community.

Under the ordinance, an ORV is prohibited from traveling at a rate of speed greater than is reasonable and proper, which has been determined to 10 mph by city officials.

Between 10 p.m. and 7 a.m., ORVs cannot travel at a speed greater than the minimum required to maintain forward movement of the ORV.

No ORV may be operated on Michigan Avenue except to cross Michigan Avenue to avoid conflicts with traffic from Mercy Hospital Grayling and other medical offices and from the AuSable Primary School and Grayling Elementary School.

No ORV may be operated on Lawndale Street to avoid disturbing activities

at the Grayling Senior Center and seniors living in apartments rented by the Grayling Housing Commission.

Grayling City Council Member Dennis Robinson, said he favored opening up a few streets for ORV travel to preserve the peace and quiet in the community. Robinson, who was appointed to fill a vacancy on the council on April 26, said that the ordinance could be tweaked in the future.

"We can do it this way, and if doesn't work out, we can revisit it," Robinson said.

No ORV may be operated on or cross James Street, except when crossing James Street at Ottawa Street, Ogema Street, Ionia Street or Charles Street when traffic is clear and only after stopping.

A committee of city officials has been working on the ORV ordinance for several months, hoping it will give hotels and motels, gas

stations, restaurants and businesses that sell ORV parts and equipment a shot in the arm.

No ORV may be operated on railroad property within the city.

No ORV may be operated in the city except for the purpose of gaining access to or from an area of operation outside the city by the most direct route.

ORVs shall travel at the extreme right of the street with the flow of traffic.

Finally, ORVs must come to a complete stop at every street intersection.

Grayling City resident Heidi Farmer said she was not in favor of having ORVs traveling by her home as snowmobiles do in the winter. Farmer, however, acknowledged that the community needs the added revenues.

"Given the current economy and given there is no end in sight, I'm sure we need the added taxes and revenues that this will bring to the community," Farmer

said.

The ordinance goes into effect on Sunday, June 13, said Grayling City Clerk Michele Moshier.

John Chad, a director for the Happy-Trails ORV Club based in Frederic, said the group is still working with Department of Natural Resources and Environment and local officials to get a trail located behind the former Crawford County Fairgrounds opened for ORV travel. Chad added that he also seeking to get routes open to get ORVs to the Ramada Inn of Grayling, the Days Inn and the Westside Dinner.

Chad said that Frederic area campgrounds, restaurants and motels have already seen a significant peak in business after Crawford County officials approved its ORV ordinance last year.

"They're having ATV's coming through town like nobody's business," Chad said.

Motorcyclist dies after hitting deer

by Dan Sanderson
Staff Writer

A 54-year-old Burton man died on Memorial Day after he struck a deer on a motorcycle.

Crawford County Sheriff Kirk A. Wakefield said deputies responded to a motorcycle accident with

injuries in South Branch Township on M-72 near Sunrise Road at 10:26 p.m. on Monday, May 31.

Deputies arrived at the scene and found two Good Samaritans providing aid to the motorcyclist. The driver of the motorcycle was traveling east on M-72, when

he struck a deer in the roadway causing him to lose control and lay the motorcycle down.

The man died at the scene from injuries sustained in the accident. The accident remains under investigation by the Crawford County Sheriff's

Office and the man's name was not released.

Mobile Medical Response EMS units and the South Branch Township Fire Department assisted Crawford County Sheriff's Deputies.

Man in critical condition after motorcycle accident

by Dan Sanderson
Staff Writer

A 25-year-old Grayling man is in critical condition

after losing control of his motorcycle on Sunday.

Grayling City Police Chief Doug Baum said officers from the Grayling Police Department investigated a motorcycle crash will occurred at the intersection of M-72 East and the I-75 Business Loop at 10:03 p.m. on Sunday, May 30.

Deputies from the Crawford County Sheriff's Office assisted officers.

Baum said the motorcyclist was traveling at a high rate of speed on the I-75 Business Loop, before losing control, laying the motorcycle down, striking a curb and a tree before going airborne into the Burger King parking lot.

The Grayling man was flown to Saginaw St. Mary's Hospital, where he was listed in critical condition on Tuesday.

Correction

In an article, which ran in the May 27 edition of the Avalanche, titled "Grayling City Council votes to terminate city manager's contract," a Grayling City resident was misidentified in the story. The name of the citizen who spoke at the meeting was Heidi Farmer. Also, Grayling City Council Member Dennis Robinson did not second the motion to terminate the city manager's contract. The motion was seconded by Grayling Mayor Karl Schreiner.

The Avalanche apologizes for the errors.

1434th Engineer Company returns from Iraq for Memorial Day weekend

Continued from 1A

Tracy Reightley, wife of Spc. Paul Reightley of Lake Ann, said she was happy to have him home no matter if it was holiday weekend or not.

"Just to have him home period, it doesn't matter when," she said.

Stff. Sgt. Janice Libstorff, gripped her daughter Sydney Jewell Libstorff and a bouquet of flowers at the homecoming ceremony.

"It is beyond words," Libstorff said of being home. "It is magnificent."

Libstorff deployed to Iraq in 2004 with the Grayling-based 507th Engineer Battalion. She said this mission was different because there were not only there to support U.S. soldiers, but also worked the Iraqi Army and civilians.

"We got a lot done and worked with the Iraqi Army and did a lot of training and helped them so they can help themselves in the future," she said.

Brig. Gen. Burton K. Francisco, Assistant Adjutant General - Army National Guard, congratulated the unit for being American ambassadors and for completing humanitarian missions.

"Truly they are American heroes and they are excel-

lent citizen soldiers as they showed their civilian skills as well as their military skills while they were deployed to Iraq," Francisco said.

Francisco applauded the families, veteran's organization, Vietnam Veterans and the Freedom Riders, a group of motorcyclists which attends troop deployments and homecomings, for being there for the soldiers.

"They help keep those home fires burning in the communities to make sure we have support in the communities," Francisco said.

Finally, Francisco urged the soldiers to reach out to one another as peers and to the Michigan National Guard for any issues they face while reintegrating back into civilian life.

"The Michigan Army National Guard is family also and we are part of your support family to provide assistance if in fact you need it in the days or weeks to come," he said.

Before releasing his unit, Capt. Brian Iarossi, commander of the 1434th Engineers Company, congratulated the troops for working together on a safe and successful mission.

"I hope you enjoy the freedom you have helped defend," Iarossi said.

Farm market contract stalled by investigation

by Dan Sanderson
Staff Writer

Bringing fresh fruits and vegetables for Grayling's Farm Market will have to wait for a search of computer records and a special investigation.

The Grayling City Council, last week, opted to hold off on entering into a contract with Farm Market Master Tom Wellman.

Current Grayling City Attorney Mike Edwards advised the council to wait until its Monday, June 14 meeting to finalize the contract so the city would not put itself in an adverse position.

Edwards said that former Grayling City Manager David A. Thayer is being investigated for devoting city time and resources to Wellman's reelection campaign last year. Wellman is a former Grayling Council member, who lost in his bid for reelection to the board, last November.

Wellman has served as the

farm market master for the last six years.

A farm market master is required by the Michigan Department of Agriculture to ensure the quality of the produce and goods being sold at the farm market.

Wellman agreed to hold off on negotiating the contract while the investigation is being completed.

Edwards said that Dave Sabin, a former Grayling City attorney who is assigned a special prosecutor for the election law violation allegation against Thayer, said the investigation should not take much time.

Wellman is asking for the city to pay \$3,000 to reimburse him for his expenses to be the farm market master this year. Previously, Wellman said the per diem he received as a council member covered his costs to serve as the farm market master and to organize the community's Harvest Festival.

"You don't have to pay me until this little joke is over with," Wellman said of the investigation.

Wellman said the farm market has grown during his tenure to the point where vendors sell out.

In March, the Grayling City Council agreed that Wellman would serve as the farm market master. The council agreed to retain Wellman and reimburse him for out of pocket expenses.

Edwards has find-tuned contracts presented by Wellman and the city and even consulted Gaylord City officials on language included in its contract for its farm market manager.

The contract calls for Wellman to be paid four times, beginning in June. He said he is not concerned with being reimbursed for his time and expenses.

"I've got to be able to commit that we're going to have a farm market," Wellman said. "I'm not worried about reimbursement right now."

Neal Michal, a Grayling Township resident, supported hiring Wellman to serve as the farm market manager. He said vendors pay compliments to Wellman and customers regularly visit the market after work or playing a round of golf at the Grayling Country Club.

"That's a plus for our town," Michal said.

City officials decided they wanted the Grayling Farm Market to return to the area in front of the Michigan State Police Grayling Crime Lab, which was the former Grayling City Hall.

Last year, the farm market was held in a parking area in front of the St. Mary's Church while the I-75 Business Loop project was taking place.

"I want to see the farm market happen and I want to be able to pay you for your out of pocket expenses," Grayling Mayor Karl Schreiner told Wellman.

Council opts not to buy foreclosures

"They don't want to see an abandon building sit down there," Baum said.

The city also turned down an option to buy parcels at 707 Maple Street and 702 Elm Street, where a home was demolished in recent years.

Grayling City Council Member Dennis Robinson said he did not believe it was feasible to purchase the

properties for pocket parks, given the current state of the city's budget.

Almanack

by Richard Milliman

Newfangled gadgets can be harmful, too

CELL PHONES may not have taken over the universe yet, but they're gaining.

A recent report from the federal Centers for Disease Control and Prevention shows the dominance of cell phone usage is galloping along.

As of the end of 2009, one quarter of American households have no landline but depend on cell phones instead. That's up 2 percent in less than a year, and more than double 2006 when just 11 percent households used the traditional phone and no cell phone.

Only 15 percent of households use traditional landlines without any cell phone.

Personal observation indicates those figures on using cell phones may be low. It seems to me that almost everywhere you look among drivers, customers in stores and restaurants, and especially among younger folks in most of their activities, almost everyone has a cell phone.

Cell phones do more than provide telephonic communication, of course. They can be used for almost any kind of contact among people, taking and leaving messages, and even taking and sharing

pictures. Many are like mini-computers, complete with tiny screens.

I have one of the older cell phones, about an inch thick. No, I don't have to crank it. I use it only as an alerting device from my family and friends, and to make the rare necessary call when a landline phone at home or office is not handy.

The big deal now, of course, is texting, which really gives thumbs a workout. Younger folks especially seem to like it.

* * *

LONG TIME use of cell phones, however, may be dangerous.

In Michigan, as in other states, phoning while driving is considered dangerous, and legal limits have been established. The less phoning while driving the better, in my view.

Then there's the long time fear of brain cancer because cell phones send out radioactive energy, but at very low levels.

A recent 10-year study of 13,000 phone users by 21 researchers organized by the World Health Organization's International Agency for Research on Cancer (IARC) proved inconclusive.

Maybe cell phones can cause cancer, maybe not. The inevitable conclusion of the study, of course, is that more research is needed.

Two rare kinds of brain cancer may be in play. Meningioma is a more common and frequently benign tumor, and glioma is a rarer but deadlier form of cancer.

The 10-year study between 2000 and 2010 reported no definite links between cell phones and cancer, but "suggested" that using cell phones for more than 30 minutes a day could increase the risk of cancer, and that longer call times appear to pose a greater risk than the number of calls made.

Since 2000 when the study began, cell phone use has spiraled, which in itself might skew any findings, and as use continues to grow and cell phone applications expand, results may be quite different after another 10 years.

At this point, cell phones are a blessing, but like so many blessings in this life, there could be a curse lurking around the corner.

* * *

ALL THIS electronic stuff that's so important in life today continues to make my head swirl. Cell

phones are just one example.

They represent quite a change in my lifetime. Back in depression years, our family did not have a telephone in our house, but the Jones family who lived across the road and ran a comfortable farm operation had a phone, and if necessary they would let us use theirs.

If we needed to make a phone call for something really important, one of us would go across the road and our neighbors very graciously let us make a call on their phone.

Their number was 495-J, as I recall.

The phone box hung on the wall, and you had to lift the receiver off the hook with your left hand, hold it to your ear, and then use your right hand to crank a handle on the other side to call the operator, and ask her to connect you to some other phone number.

The Joneses let us list their number for emergencies, and if someone had to call our family for something real important, Mrs. Jones or one of their kids would graciously come across the road and get my mother or older child to go to their house to answer the call.

Neighbors were a lot different in those times, too.

Finally we did get a phone in our house in the late 1930s, and it was quite an event. We were on a party line, meaning four houses had the same number and were hooked together, separated only by the number of rings, one ring to four.

As I remember, our number was 688-J and we had four rings, so we were supposed to answer only a four-ring call. Of course, everybody on the party line could pick up the phone in their own houses and listen in on your four-ring call, and often they did. We listened in sometimes, too.

Science has brought the world a long way since those days. Are we better for it?

Sure we are, but nobody got cancer from those earlier phone calls. The greatest danger was maybe falling on the ice or getting hit by a car crossing the road to the Jones' telephone.

Letters to the Editor

Hats off to all of the firefighters and volunteers

To the editor:

Hoorah and hats off to the combined fire fighting agencies whom have been battling and continue to battle the Meridian Wildfire.

When you stand next to your home and breathe heavy smoke, feel the ash against your cheeks, watch the darkened daytime sky, and her the drone of aircraft and helicopters overhead ... or is that the roar of the fire you hear ... you are humbled to the highest degree. There is not one thing you can do to stop the fire that rages a mile from your home.

But wait, the firefighters can do just that. God uses these men and women to spread goodness and safety.

And who are these knights - why, they are your neighbors, your friends, the guy or gal you wave to everyday with the red light on his or her vehicle. They have devoted a portion of their lives to ongoing education and learning about the nature of fires and what to do when fire strikes. They may even be employed in the business of stopping wildfires. It is those professionals who teach the volunteer agencies.

May God bless these

souls who stand in defense for us.

One structure protector even had his glasses cracked by the heat as he and his company saved a South Branch Township citizen's home. I slept in my own bed last night. I cry for those who lost theirs, but I know it was not for lack of care of concern.

Again, hats off to all of you. Next time we see you, we will shake your hand, pat your back and hug you for all that you do.

There are other people who should be recognized as well, the law enforcement men and women who helped keep order when life was tough for many people. To the Red Cross volunteers that fed and housed firefighters and refugees alike.

There is a firefighter in our community who did not fight the fire. He and his family keep their business going and provided complimentary shelter and lodging to the refugees and firefighters that could not return to their homes. God Bless you Mr. Hodges. May your unspeakable kindness be returned many folds to you.

Viewpoint

By Kirk Wakefield, Crawford County Sheriff

Twenty-one things your burglar won't tell you

Crawford County Sheriff Kirk A. Wakefield said the following tips will help you make your home less appealing to burglars.

1. Of course I look familiar, I was just here last week cleaning your carpets, painting your shutters or delivering a new appliance. Make sure you use reputable, bonded companies when scheduling work on your home.

2. Hey, thanks for letting me use the bathroom when I was working in your yard last week. While I was in there, I unlatched the back window to make my return a little easier. Remember to check all windows and doors before you leave your home, every time.

3. Love those flowers. That tells me you have taste...and taste means there are nice things inside. Those yard toys your kids leave out always make me wonder what kind of gaming system they have. Kids toys should be safely stored away when not in use.

4. Yes, I really do look for newspapers piled up on the driveway, I might even leave a pizza flyer in your front door to see how long it takes you to remove it. If you plan to be away for more than a day, ask a neighbor to pick up your newspapers and have the post office put a temporary hold on your mail.

5. Make arrangements for a neighbor to create car and foot tracks to your house if it

snows while you're gone. Have someone shovel while you're away too, otherwise I'll know you're not home.

6. If decorative glass is part of your front entrance, don't let your alarm company install the control pad where I can see if it's set.

7. A good security company alarms the window over the sink, an easy one for me to climb in. You should also arm the windows on the second floor, which often access the master bedroom and your jewelry. It's not a bad idea to put motion detectors up there too.

8. It's raining, you're fumbling with your umbrella and you forget to lock your back door. Bad weather doesn't make you safe. I don't take a day off because of rain.

9. I always knock first. If you answer, I'll ask for directions somewhere or offer to clean your gutters. Don't take me up on it.

10. Do you really think I won't look in your sock drawer? I always check dresser drawers, bedside tables and the medicine cabinet.

11. I almost never go into kids' rooms.

12. You're right: I won't have enough time to break into that safe where you keep your valuables. But, if it's not bolted down, I'll take it with me.

13. A loud TV or radio can be a better deterrent than the best alarm system. If you're reluctant to leave your TV on while you're out of town,

you can buy a \$35 device that works on a timer and simulates the flickering glow of a real television.

14. Sometimes I carry a clipboard. Sometimes I dress like a lawn guy and carry a rake. I do my best to never, ever look like a crook.

15. The two things I hate most are loud dogs and nosy neighbors.

16. I'll break a window to get in, even if it makes a little noise. If your neighbor hears one loud sound, he'll stop what he's doing and wait to hear it again. If he doesn't hear it again, he'll just go back to what he was doing. It's human nature.

17. I'm not complaining, but why would you pay all that money for a fancy alarm system and leave your house without setting it?

18. I love looking in your windows. I'm looking for signs that you're home and for flat screen TVs or gaming systems I'd like. I'll drive or walk through your neighborhood at night, before you close the blinds, just to pick my targets.

19. Avoid announcing your vacation on your Facebook page. It's easier than you think to look up your address.

20. To you, leaving that window open just a crack during the day is a way to let in a little fresh air. To me, it's an invitation.

21. If you don't answer when I knock, I try the door. Occasionally I hit the jackpot and walk right in.

The Bible Speaks

Memorial Day Memories

Memorial Day or Decoration Day as it is sometimes called, is a time for us to pause in memory and pay tribute by flags, flowers, or other expressions to our servicemen and women who died in defense of our nation. They fought and died to protect American freedom; to protect their women and children from rape, slavery, and death. They fought and died to protect American values as found in the Bible and the U.S. Constitution. They fought and died for the liberty to all humans regardless of their skin color. They have fought to end Fascist Despotism and Totalitarianism in all forms including Islamofacism today. They have fought and died to promote the unalienable rights of life, liberty, and property for all nations. What nation has had more noble causes fought by more heroic soldiers than the United States of America?

Our memory of these valiant victors brings to mind the words spoken by President Abraham Lincoln at the battlefield of Gettysburg: "It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far

so nobly advanced. It is rather for us to be here dedicated to the great task remaining for us - that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion that we here highly resolve that these dead shall not have died in vain - that this nation, under God, shall have a new birth of freedom - and that government of the people, by the people, for the people, shall not perish from the earth."

Francis Scott Key penned in the 4th stanza of our national Anthem: "Oh, thus be it ever when free-men shall stand Between their loved homes and the war's desolation; Blest with vict'ry and peace, may the Heav'n-rescued land Praise the Pow'r that hath made and preserved us a nation! Then conquer we must, when our cause it is just; And this be our motto: 'In God is our trust!' And the Star-spangled banner in triumph shall wave O'er the land of the free, and the home of the brave."

Katherine Bates wrote in the 3rd stanza of O Beautiful for Spacious Skies: "O Beautiful for heroes proved In liberating strife. Who more than self their country loved, And mercy more than life! America! America! May God thy gold refine. Till all-

success be nobleness And every gain divine!

Could, it be said of American today? Like Jacob or Israel of old: (Hosea 12:5) "Even the LORD God of hosts; the LORD is his memorial." May we not repeat Israel's past failure toward God: (Hosea 4:6) "My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children." May We Worship and Obey God! (Psalms 33:12) "Blessed is the nation whose God is the LORD; and the people whom he hath chosen for his own inheritance." (Psalms 144:15) "Happy is that people, that is in such a case: yea, happy is that people, whose God is the LORD." Remember in this age of moral equivalence and political correctness who blessed our forefathers with these unalienable rights to life, liberty, and property for which they have shed their blood to preserve these blessings for us and others. In Memory of

In memory of Fritz Golinick.

God saw he was getting tired and the cure was not to be, so he put his arms around him and whispered come with me.

With tearful eyes we watched him suffer and saw him fade away, although we loved him dearly, we could not make him stay.

A golden heart stopped beating, hard working hands to rest, God broke our hearts to prove to us, he only takes the best.

Miss you Dad,
Love you much, Barb

Travelin' Man

Photos by Dan Sanderson

The Library of Michigan's 2010 Michigan Notable Book authors Tom Weschler and Gary Graff, who produced the book "Travelin' Man: On the Road and Behind the Scenes with Bob Seger," appeared at the Devereaux Memorial Crawford County Library last week. The book follows Seger's career from the late 1960s, through such highlights such as "Beautiful Loser," "Live Bullet," and "Night Moves" and culminates in his 2004 induction in the Rock and Roll Hall of Fame. Above, Weschler is pictured with huge photographs of Seger. Below, Stringtime members Dave Ross, Rick Febey and Jerry Casey played for a number of Seger's hits at the event.

Paving slated for mid-June on two road projects

Continued from 1A
before Rich Riley arrives for final shaping and paving, Babcock said.

"We're still in line to be done by mid-June, also," he said.

The costs for the two projects are - approximately - \$420,000 (Four Mile Road) and \$72,000 (County Road

612).

The Road Commission also has a possible second road millage project slated for later this year - a 0.5-mile portion of South Grayling Road (from North Higgins Lake Road to Dort Road). Cost estimate for the project is close to \$70,000.

"We're still hoping we can get that done this year," Babcock said.

The Road Commission plans to evaluate its millage fund numbers for the year after the Four Mile Road project to see if enough money - or close to enough, since the Road Commission could chip in a small amount from other sources - is available for the South Grayling Road project,

according to Babcock.

The road millage, which is expected to bring in more than \$500,000 per year for five years, is designated specifically for work on Crawford County's primary roads. The rest of the Road Commission's current five-year plan for the road millage money is as follows (including approximate costs for each project):

2011 - County Road 612, from Old 27 to Kolka Creek Road (\$160,000); Fletcher Road, from South Grayling Road to Old 27 (\$240,000); Hartwick Pines Road, "crack seal, patch and ultra thin" (\$150,000).

2012 - County Road 612, from the Kalkaska County line to Kolka Creek Road (\$850,000). (The 2012 plan includes more than \$470,000 in anticipated state and federal money.)

2013 - Fletcher Road, from the Kalkaska County line to Military Road (\$530,000), and from Military Road to Old 27 (\$200,000); Military Road, from North Higgins Lake Drive to Fletcher Road

(\$225,000); South Grayling Road, from Seven Mile Road to Old 27 (\$83,000). (The 2013 plan includes \$370,000 in state and federal money distributed through a nine-county Task Force and approximately \$166,000 carried over from previous years' millage money.)

2014 - County Road 612, from Big Creek to the Oscoda County line (\$390,000); North Down River Road, from Wilcox Bridge Road to Stephan Bridge Road (\$600,000). (The 2014 plan includes another \$370,000 in state and federal Task Force funds and approximately \$45,000 in leftover millage money.)

How firm is the five-year plan?

"If the funding stays present, I'm very confident we can get all these done," Babcock said. "If the state and federal money gets reduced more, something's got to go."

Asphalt prices in future years may also affect the list.

"I'm going to be optimistic and say we can get it all done," Babcock said.

Track teams place 4th, 5th at league championship meet

The Grayling Vikings won three events and posted several other strong finishes at last Wednesday's Lake Michigan Conference championship meet for track and field, an event held at Charlevoix.

Grayling's girls won two events. Shanley Dorn took first in the 200m dash (27.30), and the 400m relay team – a group that recently qualified for the state finals – also took first, setting a new meet record with a time of 52.07. The relay group consists of Dorn, Samantha Hansen, Brianna Kirk, and Stanna Dorn.

Other top finishes for the girls: Richelle Grosskopf, 7th, discus, 8th, shot put; Haley Wiseman, 4th, high jump; St. Dorn, 4th, long jump, 4th, 100m dash; Jo Hamlin, 6th, 1600m run; Lenora Love, 5th, 400m dash; Josie Swander, 8th, 800m run.

"These girls have continued to prove that they are a class act. I can honestly say that these girls gave it everything they had this season. They worked hard every day and pushed themselves in practice every day," Coach Tim Gariglio said. "Brianna Kirk did an excellent job setting the tone early in the season for these girls. I took 11 girls to the meet and they finished fifth overall. The 4x100-meter relay (runners) broke the league record and improved their school record. All four girls earned themselves first team all-conference."

ence. This is the fastest relay team I have coached and we are all looking forward to (the state finals)."

"Shanley Dorn also ran a blistering time in the 200-meter dash, earning herself first team all-conference. There is actually a strategy to running the 200-meter dash and she has been working on it all season and today she finally nailed it," Coach Gariglio said. "I also have to give a lot of credit to Coach (Sally) Voorhees, who joined us later in the season. She has done an outstanding job with the girls and the team has done a great job welcoming her."

In the boys' competition, Grayling's 400m relay team –

also a state finals qualifier – took first place on Wednesday. The squad – Nick Dorn, Trevor Dewitt, Xavier Lindsey, and Cody Myers – posted a time of 45.43.

Other top placements for GHS: N. Dorn, Dewitt, Lindsey, Myers, 2nd, 800m relay; Scott Parkinson, 4th, 100m hurdles; Lindsey, 2nd, 100m dash; N. Dorn, 3rd, 100m dash; Myers, 2nd, 200m dash; Dewitt, 4th, 200m dash; Colin Hamlin, 2nd, high jump, 5th, 1600m run, 3rd, 800m run.

"I couldn't be more proud of the athletes than I am right now. We went to the conference meet with 13 athletes and walked out of there with

fourth place out of the eight teams," Coach Dan Helms said. "The seniors got choice of an event and excelled in them. Colin Hamlin did an outstanding job on all of his events, including a second place finish in high jump, which he has never competed in, finishing with a height of 5'8". Shane Rollins also did an outstanding job trying his hand in shot put and discus and threw 36'6" in shot put."

Baseball team sets school record for wins with split

Despite a 2-4 record in the final week of the season, Grayling High School's varsity baseball squad established a new school record for wins in a season (22) and finished third in a strong field of Lake Michigan Conference teams.

On Thursday night, the Vikings ended their 2010 regular season with a split at Gaylord vs. the Blue Devils in a nonconference series.

Grayling won 4-3 in the first game of the doubleheader. Jensen Aubry pitched all six innings for GHS. He struck out 11 and allowed four hits.

Tyler Hanson had two hits and Jake Helsel had one hit and two RBIs. Ethan Lewis, Aubry, Riley Zigala and Lake Schneider each had one hit.

Gaylord took game two by a final score of 5-3.

Zigala pitched for GHS. He struck out five and scattered five hits.

Joe Contreras had one hit and one RBI. Helsel, Zach Wolcott, and Zigala also had hits.

The Vikings lost two one-run conference games at East Jordan on Wednesday. The Red Devils won 4-3, 2-1.

Wolcott pitched in game one. He allowed two earned runs on two hits while striking out eight.

At the plate, Wolcott had two hits and two RBIs. Aubry had one hit and one RBI.

Zane Tobin pitched for GHS in game two. He struck out five and allowed one earned run on three hits.

"Tobin pitched a gem but came up short at the end," Coach John Schneider said.

Hanson, Aubry, Zigala, and

Contreras each had hits for GHS.

On Monday night, the Vikings split a nonconference series at West Branch Ogemaw Heights.

Ogemaw won 5-4 in game one. Aubry took the loss. He struck out five and allowed three earned runs on five hits.

"The big blow was a walk-off home run in the bottom of the sixth to seal the win for the Falcons," Coach Schneider said.

Wolcott had two hits and two RBIs. Aubry had two hits and one RBI. Taylor DesEnfants had two hits.

Grayling won game two 8-6.

DesEnfants was the winning pitcher. Zigala, pitching in relief, picked up a save.

Zigala had one hit and two RBIs. Aubry, Wolcott, and Helsel each had one hit and

one RBI.

"With the Gaylord win the Vikings set a new school record of 22 wins in a season, breaking the old record by one," Coach Schneider said. "We have not played good on the defensive side the last half of the season. Our pitching has been very, very good and they deserve a lot of credit for their effort."

"We finished third in the conference, which (saw) four teams having over 20 wins on the season. We lost five out of six conference games by one run each," Coach Schneider said.

The Vikings (22-14-1 overall, 8-6 league) had a round one district game scheduled for Tuesday, June 1, vs. Kalkaska - LMC champions in 2010 - at Elk Rapids. Results were not available prior to press time.

Softball squad ends regular season with tough week

Grayling High School's varsity softball squad ended its 2010 regular season last week with losses vs. two strong nonconference opponents and the Lake Michigan Conference's league champions.

On Monday, the Vikings fell 10-2, 16-1 at Ogemaw Heights.

Leading hitters for the Vikings: (game one) Joni Bindschatel, 2 for 4, home run, 2 RBIs, 1 run; Makenna Harwood, 2 for 3; Shalee Miller, 1 for 4; Cayla Johnson, 1 for 4; Molly Rinkey, 1 for 3; (game two) Bindschatel, 1 for 2, double, 1 RBI; Rinkey, 1 for 1.

"I knew this week was going to be a battle due to the strength of our schedule and the heat in the forecast. Very few players in our system play in summer leagues or travel teams so they haven't been exposed to playing in the brutal summer heat," Coach Keri Brock said. "This was definitely an adjustment."

"We put ourselves in some very difficult situations to try and pull out victories. We gave up 11 base runners either on walks or errors. Unless you are crushing the ball in every at-bat, that's just too much to try and overcome," Coach Brock said. "We just didn't execute well

enough to win."

On Wednesday, the Vikings lost 5-2, 3-1 at East Jordan.

Leading hitters: (game one) Miller, 1 for 3; Kirstie Wakeley, 1 for 2, 1 run; (game two) Bindschatel, 1 for 2, 1 run; Caitlin Prosser, 1 for 2, triple.

"Game one was pretty well executed by both teams, going into the fifth inning with a score of 1-1. We committed three errors in the fifth, giving up four runs and in a tight ballgame that was the clincher," Coach Brock said.

"Game two was just a matter of settling in. We started the first inning with an error and two walks, giving up three runs. Joni collected herself and threw really well the rest of the way, giving up just two hits. Offensively, we didn't take advantage of runners on first and third with no outs. In tight games we have to find a way," Coach Brock said. "East Jordan clinched a league title with the victories and deserves a lot of credit."

In their regular season finale on Thursday, the Vikings fell 8-2, 3-2 at Gaylord.

Leading hitters: (game one) Wakeley, 2 for 3, double, 2 runs; Bindschatel, 1 for 2, 1 RBI; Johnson, 1 for 3, 1

RBI; Rinkey, 1 for 3; Prosser, 1 for 3; (game two) Bindschatel, 2 for 3, 1 RBI; Harwood, 2 for 3, double; Miller, 1 for 3, 1 run; Johnson, 1 for 3; Jordan Stephan, 1 for 3, 1 run; Kelsey Neuberger, 1 for 3.

"We faced another one of northern Michigan's top pitchers in Gaylord's Liz Bauman. She has great control and mixes up speeds just enough to keep batters honest. We committed seven errors, which took us out of things pretty quickly. We are putting our pitchers in some pretty tough situations right now with defensive mistakes," Coach Brock said.

"Game two was a much better effort on defense. We played basically error-free with the exception of the fourth inning, which resulted in their three runs. We led 2-0 up to that point and had a go-ahead opportunity in the top of the sixth with bases loaded and just one out. Caitlin Prosser executed the sacrifice fly perfectly, but we were unable to take advantage due to a communication error on my part," Coach Brock said. "It was a disappointing loss but I'm proud of our sophomore pitchers, Andrea and Kara Malm, for teaming up in a hard fought game."

The Vikings (13-23 over-

all, 6-8 league) had a pre-district game vs. Kalkaska slated for Tuesday, June 1, at Elk Rapids. Results were not available before press time.

The GHS junior varsity softball team wrapped up its 2010 season last week with doubleheaders vs. Ogemaw Heights and East Jordan.

The Vikings fell 16-1, 17-0 vs. Ogemaw in a series played at GHS on Monday.

Leading hitters for GHS: (game one) Kristi Helsel, 1 for 1, 1 RBI; Majerle Nielson, 1 for 2, double; (game two) Shelby Cottenham, 1 for 1.

Grayling lost 22-1, 20-3 vs. East Jordan on Wednesday.

Leading hitters: (game one) Nielson, 2 for 2, 2 stolen bases, 1 RBI; Lindsey Johnson, 1 for 3, 2 stolen bases, 1 run; (game two) August Ledesma, 1 for 2, triple, 1 run; Johnson, 1 for 3, triple, 1 run.

"We had some tough teams to finish up our season and the girls stuck with it. Overall, this season was a tremendous improvement from last season," Coach Sarah Allen said. "Most of the time they work very hard and give their all. I am really looking forward to next season."

Tennis team ends year with league meet

Grayling High School's girls tennis team posted four first round wins during the Lake Michigan Conference championship meet last Wednesday at Petoskey, a tournament that featured a single elimination format.

Sierra Williamson (#2 singles) won 1-6, 6-1, 6-0 vs.

Elk Rapids. Dani Dami (#3 singles) won 3-6, 6-2, 6-3 vs. Traverse City St. Francis. Rachel Jensen (#4 singles) won 6-0, 6-1 against a Boyne City opponent. Chynna Williamson and Savannah Foguth (#1 doubles) defeated Charlevoix 6-7 (8-6), 6-1, 6-4. The four winners all lost in the second round to #1 or #2 seeds.

"Today was a great day for Grayling girls tennis. We scored more points as a team

— four — than in years past at the LMC championship today. Having four players advance past the first round was very exciting. All of the girls' hard work finally paid off when it mattered most. We ended the season on a very positive note. I was extremely proud of our team this year and their commitment to get better," Coach Scott Baker said.

The Vikings competed in regionals on May 21. Harbor

Springs and Traverse City Christian advanced to the state finals. Grayling did not win a match.

"The girls played tough today; they were just over-matched against more experienced players. At this time in the season you have to be able to up your level of play and we did not do that today," Coach Baker said. "This was another good learning experience for our players."

Golfers make the cut for regionals

The GHS varsity boys golf squad placed sixth at districts last Friday, high enough to advance to regionals.

"Fortunately for us we made the regional cut, but

just barely," Coach Dan DesEnfants said. "The course was unbelievably hard and the guys really struggled today, but so did the rest of the competitors."

During Friday district meet — a 10-team tournament held at Crystal Mountain — the Vikings posted a score of 380. Charlevoix took first with a score of 343.

Individual scores for GHS: Taylor DesEnfants, 84; Josh Johnson, 84; Tyler Brigham, 106; Ethan Lewis, 106; Derek Lorenc, 121.

The team's regional meet is slated for June 3 at Ferris State.

"We have to have our best effort next week to continue," Coach DesEnfants said. "It's been a fun season with this group of guys."

Soccer team ends regular season with 4-0 win vs. Blazers

The Grayling Vikings finished their 2010 regular season with a 4-0 victory vs. the visiting Kalkaska Blazers in a varsity girls soccer league contest played on Thursday night.

Grayling scored first with a goal by Hannah Haven.

"Hannah busted out another goal by juking past some Kalkaska defense to the outside and curling the ball around the goalie to the far post," Coach Craig Cobb said.

Grayling had a 2-0 advantage at halftime.

"We had been talking about not letting down in the last 10 minutes of the

game so the girls were ready and motivated to make sure that didn't happen again," Coach Cobb said. "Alyssa Morley shot from just over half and the Kalkaska goalie misjudged the ball and the ball bounced over her and into the goal. About five minutes later, Shelby Pippin came down the sideline and drilled the ball to the far post."

The Vikings finished the regular season with an overall record of 7-10-2 and a league record of 6-7-1.

"We have taken fifth in our conference. This is the best regular season the girls

soccer program has ever had. We are looking forward to having success in districts," Coach Cobb said.

The team's first playoff game - a district match vs. the Blazers at Kalkaska - was slated for Tuesday, June 1. Results were not available prior to press time.

The Vikings fell 5-0 vs. Traverse City Liberty on Monday night in a league game played at GHS.

"(Traverse City) came out aggressive with some great passing and scored early. Grayling picked it up though, as we continued to jockey and cut off the

through ball. We went into (halftime) down by two goals," Coach Cobb said.

"We have had a lot of injuries this season and this has left us with very few subs. In the second half we held our own for most of the game but the impact of so few subs on such a hot day showed up in the last 10 minutes of the game, where (Traverse City) scored three more goals," Coach Cobb said. "(Goalkeeper) Ciara Summers had an awesome game with 17 saves. Carlie Money also did a great job as our last defender, stopping (Traverse City) over and over again."

RECIPE OF THE WEEK

MEXICAN STYLE LASAGNA

Ingredients:

- 1-1/2 lb. ground beef
- 6 flour tortillas (6 inch)
- 3/4 cup Thick 'N Chunky Medium Salsa

- 1/2 cup Shredded Cheddar & Monterey Jack Cheese
- 1/4 lb. (4 oz.) Mexican Pasteurized Prepared Cheese Product, cut up

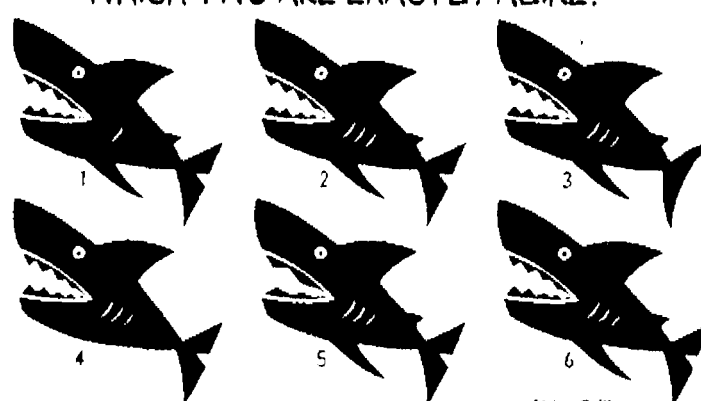

Directions:

PREHEAT oven to 400°F. Brown meat in large skillet; drain. Add 1/4 cup water and Pasteurized Cheese; stir until Pasteurized Cheese is melted. Remove from heat. Stir in salsa. SPRAY 8-inch square baking dish with cooking spray. Spread 1/4 of the meat mixture into dish; top with 2 tortillas. Repeat layers 2 times. Top with remaining meat mixture; sprinkle with shredded cheese. Cover tightly with foil. BAKE 30 minutes. Remove foil. Let stand 5 minutes before serving.

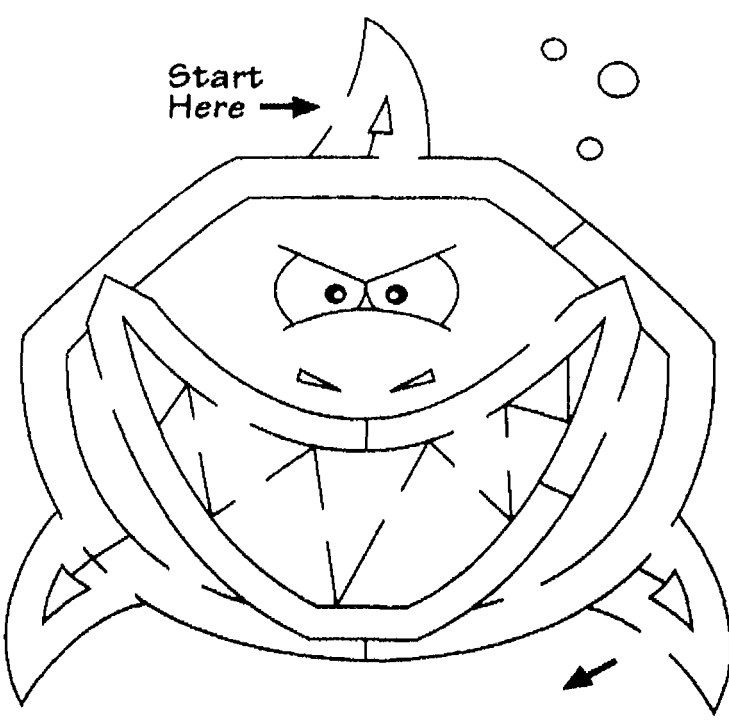

Prep Time: 15 min
Total Time: 50 min

Stream & Lake Map of Michigan

Why every angler and boater needs this map
Professor Higbee's Stream & Lake Map of Michigan is the first and only highly detailed map of its kind. The 4-foot-by-4-foot Michigan map shows 35,000 miles of streams plus lakes.

For a limited time -- get 3 bonuses with each map

BONUS #1 **GUIDEBOOK:** Pinpoint the best fishing in Michigan with this valuable guide. Easily locate over 5,000 streams and lakes shown on the Stream & Lake Map both alphabetically and geographically. Your map and guidebook will take you to the top 43 select fishing waters--select waters for 14 species of gamefish.

BONUS #2 **REPORT: Finding Secret Fishing Spots**
47 tips, tactics and tools you can use to find your own secret spot and catch more fish.

BONUS #3 **REPORT: How Anglers Stalk and Catch Record Fish**
The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.

RAVE REVIEWS
"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman."
-Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown, PA

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."

Shelter wrangles flamingo invasion

What began as a rare sighting has turned into a major invasion of pink flamingos in Crawford County. AuSable Valley Animal Shelter is desperately trying to gain control over the situation, but needs your help.

"There are literally dozens of flamingos out there getting into all kinds of trouble. Keep your eyes open," advised shelter director Cheryl Postma. "The shelter is full of these birds and we expect to be full for several weeks until they move on to some other unsuspecting town. We know that Crawford County Animal Control does not handle flamingo complaints, so we have teams that will go out and help round up these unruly visitors."

"Where did they come from? Well, we think the flamingos most likely hitched a ride north from Florida with some of our local snowbirds," explained shelter president Judith Frederick. "We're doing everything we can to handle these pink menaces."

Five teams of wranglers from the shelter's Flamingo Patrol have been trained and will work day and night to capture each flock and clean up the droppings left on local lawns.

Homeowners who discover they have been "flocked" need only make a donation of \$20 to have them rounded up within 48 hours. If the homeowner would like to "flock" a friend or family member, an

One kennel has already been filled with stray pink flamingos at AuSable Valley Animal Shelter in Grayling. The shelter is advising anyone who discovers a flock of these birds on their lawn not to panic, but to make a donation to have them rounded up.

additional donation of \$10 will send the flamingos migrating to that destination.

Shelter officials expect flamingo flock sightings to increase with the warm and humid weather expected during Memorial Day Weekend and is offering Anti-Flocking Insurance to guarantee no flock of flamingos will roost on the policy holder's lawn. The full coverage premium is just a \$10 donation.

All proceeds from this comical fundraising project will go toward paying off the shelter facility, located at the old fairgrounds, 5786 Fairground Lane in Grayling. The shelter assures the "flockings" are all in fun and hopes everyone will enjoy participating in the tomfoolery.

To "flock" a friend or family member, call Judy Frederick at (989) 710-3904 or Christine MacDonald at (989) 370-6348, or email: avasboard@yahoo.com.

Sometime after 11 p.m. on Saturday, May 29, someone stole seven pink plastic flamingos from in front of 506 Ogema St. in the city of Grayling. If you know the location of one or more of these missing flamingos, please call the shelter at 348-4117.

"This is not a joke. We spent money on this fundraiser and would like the flamingos returned, unharmed. You can even leave them at the shelter gate, but please return them as soon as possible," said Frederick.

AuSable Valley Animal Shelter is a 501c3 nonprofit organization. All donations are tax-deductible.

Class Song:

Time of my life. By: David Cook

I've been waiting for my dreams
To turn into something
I could believe in
And looking for that
Magic rainbow
On the horizon
I couldn't see it
Until I let go

Gave into love and watched all the bitterness burn
Now I'm coming alive
Body and soul
And feelin' my world start to turn

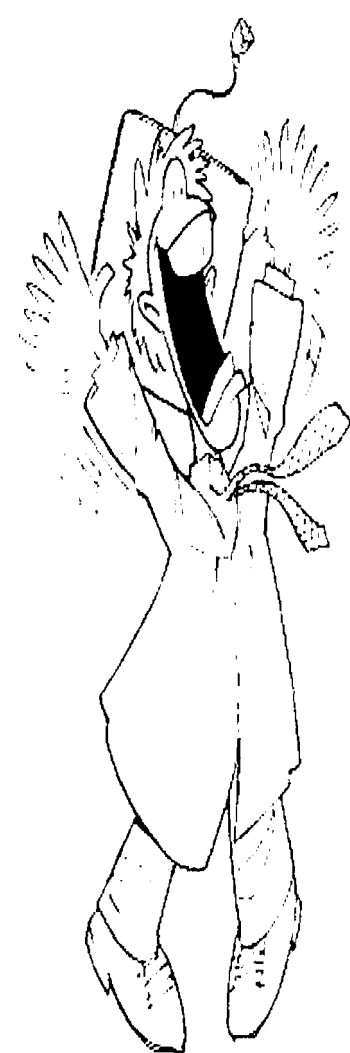

And I'll taste every moment
And live out loud
I know this is the time
This is the time
To be more than a name
Or a face in the crowd
I know this is the time
This is the time of my life
Time of my life

Holding onto things that vanished
Into the air
Left me in pieces
But now I'm rising from the ashes
Finding my wings
And all that I needed
Was there all along
Within my reach
And as close as the beat of my heart

And I'll taste every moment
And live it out loud
I know this is the time
This is the time
To be more than a name
Or a face in the crowd
I know this is the time
This is the time of my life
Time of my life

And I'm out on the edge of forever
Ready to run
I'm keeping my feet on the ground
My arms open wide
My face to the sun

And I'll taste every moment
And live it out loud I know this is the time
This is the time
To be more than a name
Or a face in the crowd
I know this is the time
This is the time of my life
My life
More than a name
Or face in the crowd
I know this the time
This is the time of my life
This is the time of my life
Time of my life...

Kyle Anhart: Being a member of Pummel P.S.

Jessica Chaney: Some of the assemblies

Allie Barber: Making memories with close friends that will last a lifetime.

Sandra Curtis: Spirit week, I love all the crazy clothing and events.

Natosha Beaman: Being picked for lead cast of "You can't Take it with You" for the school play.

Joe Contreas: Playing football, wrestling and baseball.

Filipe Carvalho: Learning how to play football.

Robert Wilson: Basketball and the Kirtland program.

Taylor DesEnfants: Being runner-up at golf State Finals.

Taylor Doremire: Having Mrs. Compo as a teacher, and the time we all took her bird picture. It was a great Spanish 4 class.

Heather Greene: When I was elected to be in Student Senate and was selected Ms. Spirit for snowgoing both in my senior year.

Kelsey Neuberger: Falling on my face in front of my whole spanish class as a freshman.

Makenna Harwood: A.P. European History, A.P. Composition & Literature, theater productions and softball.

Suzanne Hause: Being part of the yearbook staff.

Matt Hellebuyck: Imitating Joe Dirt

Jordan Small: When Ms. Boughner fell down the steps in front of the whole school.

Matt Hilbrecht: Becoming all-state for skiing my senior year, and getting to know all the foreign kids.

Robert Knepp: Cinematic adventures with Suzanne Hause.

Cayla Johnson: Not coming in last place for spirit week 2010.

Arica Rockhold: When me and a friend got stuck in the cardboard dumpster outside of Binerts room.

Josh Johnson: When I spilled hot chocolate in my locker freshman year, and the entire hall smelt like sourmilk.

Andres Davila: All the people I met, there is a lot of people I will never forget.

Drue Kuhn: Nacho day!

Carl Gaff: The passing time between classes.

Kyle Peters: Making it to state for wrestling.

Chelsea Mott: I really enjoyed my freshman and sophomore years, they were the best.

Jessica Pickell: The dances and just having fun with my friends. My 18th birthday prank.

Buddy Ochoa: The time I made my own clown shoes out of duck tape and wood.

Nick Sendek: The day our soccer team beat Elk Rapids for the first time in 10 years.

Gracie Calkins: Hanging out with my friends

Ian Donaldson: Meeting and making lots of friends

James Schweizer: Basketball and hanging with my friends

Travis Westover: Auditioning for the musical "Bye, Bye, Birdie".

Abbey Troumbly: After my knee surgery I had to use a walker. It was more like a nursing home than high school.

Michelle Brown: Hanging out with my friends and having fun all the time. Lunch was the best, I got to see my friends and eat and talk without getting in trouble

Jane Moore: Walking in my first day of freshman year and now about ready to walk out. My diploma will be the best memory.

Mary Bolick: Getting hit in the face with a softball in 9th grade.

Pattie Denno: Drama class
